

The Silver Jubilee Scientific Meeting of the Thai Orthopaedic Association

By Niramon Nuntasukon

The Thai Orthopaedic Association was found from being the Thai Club. However, after May 6, 1976, the club was changed to become the association as titled "The Thai Orthopaedic Association".

The association usually set up many different activities that is domestic activities, Asean and international activities. For example, International Grand Round Meeting that is always set up every the first Thursday of month, the annual meeting of the Thai Orthopaedic Association, WPOA Meeting that is international meeting. Besides, a lot of paramount guest lecturers usually visit our association.

As for the Silver Jubilee Scientific Meeting of the Thai

Orthopaedic Association that was holden as the Thai Orthopaedic Association 25th anniversary, it was took placed at the Cultural Center of Thailand during October 4-6, 1991. Our association are very grateful since we were gained very good collaboration from various doctors both in symposiums and reports that are very advantageous to Orthopaedic doctors and also other doctors.

In addition, we received honor from many international doctors to lecture in this meeting, too that are Prof. Henry H Mankin from Massachusetts General Hospital, Dr. S. Romagnoli, Prof. Dr. Med. Ludwig Zichner from Orthopaedic Clinic at the Städtisches, Krankenhaus, Frankfurt, Germany, Prof Naochi Tsuyama, Dr. K.M. Chan from Department of Orthopaedics & Traumatology, Prince of Wales Hospital.
